

Ex-it 169, Base station

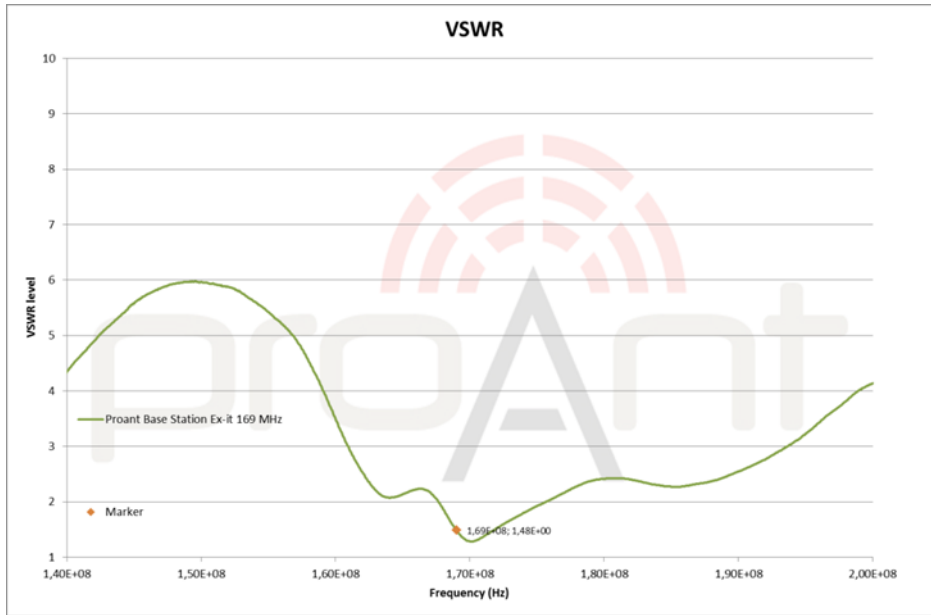

Robust antenna for 169 MHz applications.
This antenna is well suited as Base station
antenna for 169 MHz applications

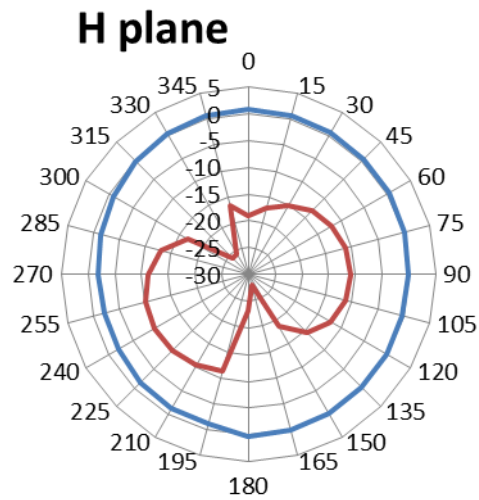

Technical data	
Part number	435
Frequency	169 MHz
VSWR:	< 2:1
Gain:	Max 2 dBi
Radiation efficiency:	81%
Height:	1200mm
Temperature	-40 to +85° C
RoHS Status	Compliant with EU directive 2011/65/EU and 2015/863
Weight:	0,6 kg net, 1,4 kg inkl mast bracket
Resistance:	IP65
Mounting:	Mast mount
Connection:	N-jack

Note: Subject to change without notice.
